## L.O.V.E.

Love is in the air! I hope that you find time everyday to tell your family and friends just how much they mean to you. It is *always* good to share the kindness and love in your heart...we don't need just one day to do that...we can practice that every day. Make it a point to do it a little more this month.

Spend time doing what you love with who you love! For so many of you that is dancing with your best friends. And how special that we can share our love of dance with our family, friends and community too.

I hope you will all join us for our Valentine's Day Dance on Saturday, February 15th. See you in class!

With love,
